
Kentucky Head Start Association

Memo

To: Head Start / Early Head Start Directors
From: Christina Wirth
Date: November 29, 2011
Re: KHSAA Ann Phipps Memorial Award and Scholarship

The National Head Start Association, Inc. created the Ann Phipps Memorial Award to recognize and honor those parents and/or organizations who, by record of dedicated services to Head Start families, exemplifies the life of Ann Phipps.

Ann Phipps, a Head Start Director from Akron, Ohio, made considerable contributions to the Head Start community. Ann Phipps was appointed Chairperson of the National Head Start Association Fifth Annual Training Conference. She died prior to the conference. In her honor, the Association resolved to recognize the significant accomplishments of those who are committed to the service of Head Start children and their families.

To carry on the memory of Ann Phipps, the Kentucky Head Start Association awards the Ann Phipps Memorial Award and a \$250.00 Ann Phipps Memorial Scholarship to two (2) parents who show significant accomplishments in their lives. The Award and Scholarship are presented each year at the KHSAA Training Conference.

Please submit the attached nomination form as well as a brief written description of their accomplishments and aspirations (no more than 200 words).

Each program may nominate one (1) individual for the Ann Phipps Memorial Award and Scholarship. **Please submit all required documents by Friday, March 16, 2012** to:
