

# School Readiness - Birth to Kindergarten for Parents

Join us for a Webinar on September 2

**REGISTER NOW**

In Kentucky, school readiness means that each child enters school ready to engage in and benefit from early learning experiences that best promote the child's success. Parents and teachers please join this webinar as it explores what parents need to know about school readiness. What should parents know about how their child approaches learning; what they can do to ensure their child is healthy physically, socially, emotionally and cognitively; and lastly, how can parents support developing language, literacy, mathematics and general knowledge skills at home. This webinar will offer strategies for sharing information with parents to encourage their ability to prepare their children for school.
