Directors	1:15 - 3:30	Cochran Ballroom	Rivue 3W

SPECIAL NOTE REGARDING EDUCATION/EHS COMMITTEE MEETING:

- **Who should attend?** The target audience is Programs that need assistance (1) in creating a School Readiness Plan, (2) in formulating goals for the Plan and/or (3) in analyzing data. These Programs should send a team of folks who are involved in writing their School Readiness Plan. This session is also open to Education and EHS mangers, Directors and other staff who will be heavily involved in the design and monitoring of their School Readiness Plan, even if the Plan is already written and approved.
- **What will happened at this session?** This session will be facilitated by our TA team and will consist of an opportunity for the gathered participants to work as a "state team" in developing an outline/template for a School Readiness Plan. The goal is to provide an

optional outline/template that Programs could use in creating their own School Readiness Plan which would need to include individualized Program goals and a system for monitoring their Plan.

- **What should you bring to this session?** Plan to bring your draft School Readiness Plan (however incomplete), and any data your Program has gathered. TA staff will help your team analyze your data and create appropriate individualized goals and a monitoring system.
